ABOUT OUR COMPANY

To remain a leading provider of globally recognised brands, we are committed to delivering operational excellence through quality, innovation, and superior service. Our mission is to cultivate a dedicated team that consistently provides safe, efficient, and reliable solutions to our clients—on time, every time. At the core of our values lies a strong emphasis on Safety First, ensuring that every decision, process, and action prioritizes the wellbeing of everyone involved, reinforcing our unwavering commitment to excellence and trust.

From the Founder

"With nearly 40 years of experience, Shutterlock is built on trust, safety, and innovation. We are proud of our culture of excellence and the value we bring to every client and project." - J. Dean van Zyl, CEO

PRODUCTS & SERVICES

As a distributor for trusted global brands such as BridonBekaert, Crosby, Yoke, and Kito, Shutterlock supplies an extensive range of lifting and rigging products. Key products include steel wire ropes, chain slings & components, manual & electric chain hoists, and custom lifting gear under the SalvaVida® brand

Manufacturing & Services

Shutterlock designs and manufactures custom lifting solutions including slings, SalvaVida® equipment, and offers load testing and NDT services for minewinder ropes.

Personal Protective Equipment

Shutterlock offers premium PPE from Jonsson Workwear and KARAM. Solutions include uniforms, fall arrest systems, mining harnesses, and bespoke gear for highrisk environments.

At Shutterlock (Pty) Ltd., we pride ourselves on being a trusted manufacturer and distributor of premium lifting and rigging equipment to industries that demand safe, efficient, and reliable load handling solutions. Our product range is designed with exceptional quality, durability, and compliance at its core, ensuring every component meets and exceeds the rigorous demands of modern industrial applications. With offerings from globally recognised brands such as Bridon Bekaert, Crosby, Yoke, SalvaVida®, Straightpoint and MaxAlloy we deliver worldclass performance tailored to your operational needs.

INDUSTRIES WE SERVE

Our industries span Mining and Engineering, Construction and Infrastructure, Maritime and Logistics, Utilities and Telecommunications, as well as Oil, Gas, and Manufacturing. Together, they drive growth, enable trade, deliver essential services, and power progress through innovation and sustainability.

To further enhance the value of its services, Shutterlock offers insurance coverage for all customer property that is stored at the facility. This additional layer of protection ensures that clients' assets are secured against unforeseen circumstances, adding another level of reassurance.

Legacy of Excellence

Shutterlock's growth is a result of strategic partnerships, a skilled workforce, and a deep commitment to improvement. From early agency agreements to advanced facility rollouts, the company consistently evolves to meet industry needs.
